To

The Dean,

School of Science and Engineering,

Chittagong Independent University,

Jamal Khan, Chittagong.

Through: Academic Advisor.

Subject: Application for need based scholarship.

Sir,

With due respect it is stated that I am Muhammad Sazzad Mannan , ID:16102075 , student of CSE department.I want to state that, my father is the only earning person in our family. He works at Saudi Arabia.He had to bear cost of our family and my siblings and unable to bear my semester fee.I had to manage my own semester fee.I need some financial help as it's almost impossible for me to manage full semester fee.I already had to drop couple of semesters as i could not manage the semester fee.I have maintained a good CGPA and will try hard to keep it up and willing to participate in any computer programming related contest,research or group.I was awarded 50% need based scholarship in Spring-2021 by Dr. Aseef Iqbal sir.Last semester it was reduced to 40%.I have taken 16 credits in this current Autumn-2022 semester.I took my final project this current semester,so there will be extra financial pressure for that in this semester.

In the above circumstances I pray & hope that you would be kind enough to grant me a need based scholarship and I shall be highly obliged to you for this kind favor.

Your obedient,

Muhammad Sazzad Mannan
